Very well stocked in fresh vegetables and fruits, it also has a large selection of cheese, "apéritifs" snacks, wine, dry fruits and seeds, and fridges full of wrapped delicatessens.

The morning and evening shopping spot ... a few hundred meters from the bakery.

ALPILLES BIO ST RÉMY DE PROVENCE

The top of the range Organic shop.

The largest ranges of produced I have ever seen, from organic meat butcher to bakery, cheese to fruits veg, cooking ranges, health, supplements, anything, name it and they have it.

The team is also unbelievable efficient and knowledgeable. You can take a membership card if you are staying 2 weeks for example.

Easy to park, kids friendly and even a little cafe to catch a bit.

Irresistible.

BOULANGERIE PATISSERIE

CAMBILLAU

ST RÉMY DE PROVENCE

This bakery was the one I use to have my "Palmier" or "Sacristain" after school.

Also the one I went a few years later at dawn before going to bed, The one I go now to remember the taste of traditional and authentic Provençal Pastries.

If you are in town, stop by.

MARC AND MARYSE

ST RÉMY DE PROVENCE

The caricature of the French Butcher. You will meet and chat with the all town, wait for hours and leave with the most succulent meat you would ever eat .

I usually call in the morning and book my selection so I can just pop in and pick it up if i don't have the time.

They are a delight.

U EXPRESS

ST RÉMY DE PROVENCE

Easy to park, a kids game area next to it, opened late, small but their selection is clever and efficient.

I prefer than the huge "Intermarché" of St Rémy, that is definitely over priced.

On Wednesday (check from them if this has change) they also hosted a fantastic Paella take away in front of the entrance.

From 7:30 am - 8:00 pm - from Monday to Sunday included.
