CHATEAU DES ALPILLES

ST RÉMY DE PROVENCE

Originally named the Mas de Gaillard the Castle's history spans several centuries back to the legend that a 13th century knight owned this rural land.

Restored by Françoise and Catherine Bon; mother and daughter, the two restaurants offer a lunch by the pool and a more gourmet food in the indoor rooms. Although quite chic it is absolutely families friendly.

CHEZ PAULETTE

EYGALIERES

This is definitely one of my favourite places. Not only because Patricia and me were in elementary school together and kept that fantastic joyful energy, but also because the food is absolutely delicious, the crowd is magically mingled between faithful customer, old friends, and celebrities, a very quintessential mix.

During the summer season, Patricia keep the restaurant opened everyday of the week... and late hours too. In winter they travel the world!

It has a feeling of what Provence has always been, small village, and café in the street.

Call on my behalf, asked Patricia.

EDÙ

ST RÉMY DE PROVENCE

Caroline et Guilhem Baillaud ont brillamment repris le restaurant installé dans notre ancienne pépinière familiale.

C'est un lieu accueillant près du bassin, ombragé par des cyprès et des tonnelles végétalisées, offrant une cuisine méditerranéenne aussi généreuse que l'équipe dynamique qui la compose.

Depuis la maison, il suffit de traverser la propriété à pied pour atteindre les tonnelles et savourer cette cuisine élaborée à partir de produits locaux, frais et de saison, présentée dans des assiettes créatives et délicieuses.

BISTROT DU PARADOU

PARADOU

The Bistro Paradou is another local restaurant that we go as a ritual. The idea is to enter in a large house large dinning room and be served by the family a single menu succulent home meal. The food is plentiful and authentic and the environment is high energy (noisy and very joyful) and typically local. If you have some allergies, the meals can be worked around you.

CREPERIE LOU PLANET

ST RÉMY DE PROVENCE

Great for a bite with kids, they can run around, play on the square Favier safely, and the service is pretty chilled out. The owner is a huge Jazz fan and you will always hear the best pieces in the background.
